<WATER SYSTEM > Drinking water warning rescinded

OLYMPIA — The <WATER SYSTEM> is advising its customers that tap water is now safe for drinking and to make baby formula or juice. Recent test results show nitrate in the supply at levels considered safe for drinking water.

<SYSTEM SPOKESPERSON QUOTE> (e.g., “It’s important to us to provide safe drinking water to our customers,” stated <NAME OF WATER SYSTEM MANAGER>. “We’ve worked with the state Department of Health over the last (# of) days to complete water sampling, and the results are now in the safe range for nitrate. We’re pleased to be able to lift the nitrate advisory.”

If you have shut off or not used fixtures, water fountains, ice machines, soda machines, or other equipment over the past several days, flush the fixture or equipment until there is a change in water temperature before putting it back into service.

The <SYSTEM NAME> encourages customers with questions to call <TELEPHONE NUMBER>.
